Skilling Technologies: Bio-Electrical Impacts Underestimated

Dr. Hayle Aldren, M.D., M.D.(H) shares in this video how we generally underestimate the impact of electromagnetic pollution on our health and the importance of "healthy" electromagnetic nutrients needed to function properly, like the Photon-Genius.

Cells Are Electrical; Entire Systems of Body are Electrical

Dr. Aldren discusses that our cells are electrical and generally cancer cells are depolarized. Technology like the Photon-Genius (and Photon Genie) provides bioelectric energy that the body requires to function properly and removes effects of electromagnetic pollution.

GENIUS – Autism and Children

We recently received this inspiring feedback from Energy Life Center regarding Autism and Skilling Institute's Photon Genius (Breakthrough Energy-Infrared):

"By the way... here is what the mother of the autistic boy who comes to Energy Life Center has said about what it has done for her son:

"The Photon Genius is a 'Godsend' for my son with autism. It is a relief to know that I can normalize my life knowing that I have a way to detox my son from everyday exposure to toxins."

The results that she has seen include;

- sleeps through the night for 5 nights after one 20 minute session
- has regularized his bowels.... no more constipation
- has calmed him down
- has given him the ability to speak

Her words to me were; "now I know that there is an answer, I feel relieved" and "I don't worry about his future now." "What a magnificent thing!!"

Throat Cancer Gone After Using the Photon Genius and Photon Genie:

"This woman was dealing with throat cancer. She used the Photon Genie daily and the Photon Genius regularly. She gained mobility with her arm that had been paralyzed. She is able to hold a cup and move her arm. After doing Photon Genius sessions for several weeks, she went to the doctors for a scan and the scan showed her throat cancer was gone." - N.R.

Pain disappeared from surgery site after first session; Improved energy and pain relief:

"I use the Photon Genius 2-3 times a week and I have noticed many improvements in my physiology that include reducing neuropathy in my feet, thighs, and hands. Overall, my level of energy has improved so much with the Genius, supplements, and other alternative protocols. I'm fighting this diagnosis with everything I can use. But, just so you know, the first time I used the Genius all the pain disappeared where part of my lung and 1/2 my diaphragm was previously removed. I was astounded as I'm sure you can imagine." - B.H.

A Woman Dealing With Bladder Cancer - Tumors Disappear After Doing Photon Genius Sessions:

"After doing several Photon Genius sessions, this woman went in for her pre-op evaluation and the doctors discovered that the tumors in her bladder were gone!" - T.W.

Serious Burns Relieved and Healing:

"I've had two different clients with serious burns come in the clinic. The most recent was an arm burn from cooking oil in the kitchen. Upon removing his bandages we applied the Photon Genie to the edges of the burn and it seemed to have a very healing effect quickly. The wound and the skin looked more developed where the Genie was used and then he went in for Photon Genius sessions after that and with a series of 3 Thirty minute sessions his burn healed very quickly.

The second gentleman had third-degree burns over most of his body. He has done about 30-40 Photon Genius sessions and got a Photon Genie that he has been using for four weeks. His skin has become noticeably more clear in the burn areas. This client said he was healing quicker using the Photon Genie and the Photon Genius than he was doing all the treatments that the hospital had provided and much, much faster. The deep purple blotches on his right knee are gone and this was from the 1st 3 sessions alone." - J.B.

PHOTON GENIUS – Endometriosis, Pain

Photon Genius Relieves Endometriosis & Pain; Aids in getting off Pain Meds

"At the age of 21 I was diagnosed with Endometriosis. Endometriosis is very painful and I went through three surgeries. I was on pain medications on and off for 12 years.

When I first heard about the Photon Genius I was very skeptical about trying it out. Once I learned about all the wonderful things It can do for your body I finally tried my first session.

After I did my first session which was 30 minutes I felt amazing. I felt so alert and so awake and was ready for the day. And the best part about it is that I knew I was burning a lot of calories because of all the sweating I had experienced.

A little bit of time went on and I decided that I did not want any more pain medications and I knew that the Photon Genius would help get rid of the pain and detox me off my medications at the same time.

After about 10 sessions my Endometriosis pain was completely gone and I detoxed off my pain medications in only two days. And since then I am now using the Photon Genius for three months and I've also lost 5 pounds.

The Photon Genius is the best thing that has ever happened to me!"

GENIUS – Mesothelioma, Cancer, Tumors

Mesothelioma Case using the Photon Genius: "3-24-10 Diagnosed with Mesothelioma.

77 year old man. 6.6 cm X 3.9 cm tumor.

He was told he has 3-6 months to live with no treatments or cures available. If he does medical treatments, he has, at best, 9-18 months to live. All the Doctors informed him that "There is no cure for Mesothelioma." It is "unresectable" (can not be removed by surgery.)

They "scared" him into starting Chemo and Radiation treatments to "buy a little time." These treatments alone nearly killed him.

He changed his diet, and started searching for some/any alternatives.

Patient history:

6-17-10 Started 3 months of chemo and radiation treatments. (6 chemo and 35 radiation)

9-27-10 Ct-scan shows 6.2 cm X 3.0 cm (tumor down 3 mm), but a NEW 2 cm tumor formed (spreading). He was rapidly losing the battle and his quality of life, so he stopped all chemo and radiation treatments.

10-19-10 Started using the Photon Genius machine 3 times a week for the next 16 weeks.

11-24-10 Ct-scan showed tumor stable at 6.6 cm X 3.3 cm. The NEW 2 cm tumor was destroyed. Not seen in Ct-scan.

2-23-11 Ct-scan shows tumor reduced to 5.3 cm X 2.5 cm (39% reduction).

Started using the Photon Genius 2 times a week for 10 weeks.

Started using the Photon Genius 1 time a week for 14 weeks.

He had done a total of 84 sessions at this point.

1-11-12 Ct-scan shows 4.0 cm X 2.0 Tumor was described by his Doctor as "less mass-like, and more like a resolving infiltrate."

He then bought a Skilling Photon Genie Instrument (portable) to use for increased energy and maintenance at home.

March 2014....4 years after original diagnosis, cancer is not growing. The tumor is the same size as it was in January 2012. The Doctor said: "I suspect it has turned to scar tissue inside his lungs." Best news, he is still alive and has better quality of life. His cancer was stopped from killing him and his quality of life has continued to improve.

After purchasing a Photon Genie to maintain progress at home, he continues to do sessions with the Photon Genius and is still on the road to recovery.

"The Photon Genius is the most powerful machine to help me take charge of my health and my life."

GENIUS & GENIE – Throat Cancer

Throat Cancer Gone After Using the Photon Genius and Photon Genie:

"This woman was dealing with throat cancer. She used the Photon Genie daily and the Photon Genius regularly. She gained mobility with her arm that had been paralyzed. She is able to hold a cup and move her arm. After doing Photon Genius sessions for several weeks, she went to the doctors for a scan and the scan showed her throat cancer was gone." - N.R.

GENIUS – Pain, Neuropathy, Recovery from Surgery

Pain disappeared from surgery site after first session; Improved energy and pain relief:

"I use the Photon Genius 2-3 times a week and I have noticed many improvements in my physiology that include reducing neuropathy in my feet, thighs, and hands. Overall, my level of energy has improved so much with the Genius, supplements, and other alternative protocols. I'm fighting this diagnosis with everything I can use. But, just so you know, the first time I used the Genius all the pain disappeared where part of my lung and 1/2 my diaphragm was previously removed. I was astounded as I'm sure you can imagine." - B.H.

GENIUS – Brain Cancer

Brain Cancer Halted In Its Tracks:

"A young 21 year old mom with a 2 year old daughter was given 3 months to live. She was diagnosed with the worst kind of brain cancer, extremely aggressive. The Doctors wanted to schedule her right away for a \$14,000 chemo program.

Immediately after her diagnosis, she went for her first Photon Genius session. She was brought in by her caretaker and she was very reluctant to do a session. This young woman was physically very depleted, not eating, throwing up, was not able to take care of herself, depressed, and hopeless.

Her first Photon Genius session was 30 minutes (15 minutes with Energy-Infrared and Noble Gas Harmonic Lights, and 15 minutes with lights only). After her first session, she was able to start eating again and had stopped throwing up. Her second session was one week later for another 30 minutes. After these two sessions, she went back for another scan and the doctors told her the tumor had stopped growing for two weeks! The Photon Genius has improved her quality of life. She continues regular sessions with the Photon Genius and is able to do things for herself. She has her head up with new found hope." - M.M.

GENIUS – Hepatitis, Liver Cancer, Transplant Averted

Hepatitis C & Liver Cancer Cleared with Photon Genius sessions:

"A woman in her mid-fifties was diagnosed with Hep C and Liver Cancer and had part of her Liver removed and indicated that she might need a liver transplant. She was being seen by Oregon Health and Science University (OHSU). This woman did seven Photon Genius sessions for an hour each. The first few sessions were really difficult for her, but after each session it got easier and she started feeling better. She went back to get checked and the doctors could not find any indication of liver cancer." - M.M.

PHOTON GENIUS – Cancer

82 year old woman dealing with Cancer and sent home to die; A year later receives a cancer free report from two different Cancer centers:

April of 2014:

It all started; tired all the time, Dr's did X-rays, scans and tests, found Cancer spots on lungs and in other areas, kidneys, liver and spine area, did major Surgery to remove largest tumor, completely removed upper lobe of one Lung.

July 11th 2014:

Had complications from procedures/treatments, Cancer spreading, Doctors sent her home to die.

Doctors said nothing more they can do and she has "few weeks" to live (she interpreted this as 2-3 weeks to live). They started her on Hospice and she had no hope of surviving.

August 2014:

Began months of Photon Genius Sessions

9 sessions every month (concentrated) for approximately 5 months and using Photon Genie at Home every day and sleeping with the Transmitters all night, every night.

January 2015:

Doctors did more tests and scans, CAT scan showed some of the original spots completely gone, and the larger one not growing and the inside of that mass was all deteriorated tissue and dead.

This woman quit Hospice after six months (January 6th 2015)

Doctors told her she is now "cancer free" and approved that she no longer required Hospice care.

February 2015:

She goes in for some additional testing and receives a second "Cancer free" report. Needless to say she and her family are excited and amazed.

This woman had to travel to do Photon Genius sessions so she would do her series of sessions over several days. On average she would do three sessions a day over 3 or 4 days and do this once a month over approximately 6 months. She continues to do Photon Genius sessions and use the Photon Genie to "noticeably" improve the overall condition of her body.

PHOTON GENIUS – Cancer

Mother In Her 30's Dealing With Stage 4 Melanoma Cancer Declared Cancer Free After Approximately 9 Weeks of Using Skilling Technologies; Oncologist has never seen before.

PHOTON GENIUS – Bladder Cancer, Tumors Clear Up

A Woman Dealing With Bladder Cancer - Tumors Disappear After Doing Photon Genius Sessions:

"After doing several Photon Genius sessions, this woman went in for her pre-op evaluation and the doctors discovered that the tumors in her bladder were gone!" - T.W.

PHOTON GENIUS – Surgery Averted; Improved Strength & Energy: Able to Dance Again, Pain Free; and Gentleman Averts Surgery on Neck/Shoulder;

Dot is Ball Room Dancing Again!

From D.S.: "Nine years ago I broke both the major bones in my left leg falling from a ladder. I spent an unconscious week in the hospital after 8 hours of surgery, then 10 days in a medical rehab...and more months of continued rehab. Afterwards I had to hop on my right leg for 3 months. Needless to say, it has caused me numerous "bouts" with extreme pain and other related health issues in those years. Walking any distance or for very long just doesn't work.

WELL, last night I went ballroom dancing for 3 hours (which is a miracle in itself), and when I got home, I wondered if I'd have the usual pains and leg cramps, and always pain in the morning. NO! I'm amazed! If I didn't believe in the Photon-Genius before (and I did) I surely do now!

Other folks have also told me after using the Photon-Genius they breathe so much better, pain from arthritis is gone, internal workings change for the better, they are energized (pains and symptoms melt, and the relaxation is wonderful).

It is fun to see what continues to happen.

Thanks, D.S."

GENIUS – Bio-Toxin Skin Rash

Skin Rashes (Bio-Toxins: Black Mold Poisoning) Clears In Days

Bio-Toxin Rash Noticeably Clears with Photon Genius Sessions in 7 Days

GENIUS – Recovery from Burns, Skin

Serious Burns Relieved and Healing:

"I've had two different clients with serious burns come in the clinic. The most recent was an arm burn from cooking oil in the kitchen. Upon removing his bandages we applied the Photon Genie to the edges of the burn and it seemed to have a very healing effect quickly. The wound and the skin looked more developed where the Genie was used and then he went in for Photon Genius sessions after that and with a series of 3 Thirty minute sessions his burn healed very quickly."

"The second gentleman had third-degree burns over most of his body. He has done about 30-40 Photon Genius sessions and got a Photon Genie that he has been using for four weeks. His skin has become noticeably more clear in the burn areas. This client said he was healing quicker using the Photon Genie and the Photon Genius than he was doing all the treatments that the hospital had provided and much, much faster. The deep purple blotches on his right knee are gone and this was from the 1st 3 sessions alone." - J.B.

GENIUS – Chronic Fatigue, Sleep, Quality of Life, Skin

More Energy, Better Quality Life, Radiant Skin

"A patient went to Dr. M's office for one Photon Genius session so far and was amazed. She felt more energy. Some symptoms were better just after one session. Three examples she gave:

1. "She noticed just after one session how much more energy she had. Normally she is chronically fatigued all the time. This was noticeable!"
2. "Her feet burn at night all the time and it is hard to sleep. After just one Photon Genius session, her feet stopped burning for three days afterwards, and she started sleeping much better."
3. "She noticed the skin on her face changed after just one session. Her skin seemed more radiant, was smoother, had more color, and she noticed she looked brighter."

PHOTON GENIUS and PHOTON GENIE – Infections

Patients report the Photon Genius and Photon Genie have cleared chronic infected teeth as well as infections of the sinuses, bronchial tubes, eyes, ears, throat, lungs, intestines, bladder and many others.

Two basic approaches for preventing and overcoming infections are:

- 1) improving the resistance of the host (strengthen immune system) and
- 2) disabling or killing pathogenic microorganisms.

Photon Genius sessions and the Photon Genie combine a number of technologies and mechanisms to accomplish both these objectives.

PHOTON GENIUS – Dental Infections

Photon Genius Clears Dental Infection:

"My wife recently went to the dentist to get a checkup after having deep infections in pockets, receding and bleeding gums, etc. and he could not believe the improvement after doing Photon Genius sessions." - G.W.

GENIUS – Toe/Foot Injury and Serious Infection Changed in Days

Here's an example of a man's crushed toe and foot that led to extreme infection. The Doctors are amazed!

J's wife shares:

" J, while cleaning up around 4:45 Friday a large wheel mag smashed his right big toe. X-RAYS showed the whole big toe bone crushed. He was admitted into the hospital and was administered 5 large IV bags of antibiotics. He was given pain medicine but didn't need it because the nerves in his toe were so damaged that there was no feeling. He was released on Sunday with directions to drain and change bandage 3 times every day. I was told it would take at least 4 weeks for the toe to heal and approximately 6 weeks for the bone to heal and to re-visit his Doctor within 7 days due to the serious infection.

J has been in the Photon Genius every day for 4 days with lights and sound with low settings of Energy-Infrared. One day for 1 hour, Two days for 2 hours and One day for 3 hours. He went to see his Doctor after 4 days and the Doctor was shocked at how his toe had healed in 4 days. I told him it was primarily because my friend had a Photon Genius machine that helped with healing and pain. He was very interested and wanted all the information I could get for him. He had lots of questions because he couldn't understand how this kind of serious infection could have healed that much in such a short time. He said: "It should have taken much, much longer to get this well."

The Photon Genius Energy-Sauna alleviates infection and speeds up the healing process throughout the body. It strengthens and empowers the immune system (the body's innate healing ability) and disarms, disables, and/or clears pathogenic micro-organisms by using body friendly Skilling Energy-Infrared heat and Harmonic, Electron, Photonic Light Energy.
